

NETWORK DESIGN, PROCUREMENT, AND IMPLEMENTATION SERVICES AGREEMENT

Between

NVIDIA Corporation
("Client")

and

Full Duplex
("Contractor")

Effective Date: [Date]

1. PURPOSE

This Agreement establishes the terms under which the Contractor shall design, procure, configure, deploy, test, document, and support a secure, high-performance network infrastructure for NVIDIA's new Regional Research & Development and Production Hub.

The Contractor shall serve as NVIDIA's primary network architecture and implementation partner and shall be responsible for delivering a complete network solution that satisfies the technical and operational requirements specified by NVIDIA.

2. SCOPE OF WORK

The Contractor shall provide the following professional services:

2.1 Network Architecture Design

- Design a scalable Spine-Leaf network architecture.
- Develop logical and physical network.
- Create VLAN segmentation plans.
- Design IP addressing and subnetting schemes.
- Develop redundancy and high-availability strategies.

2.2 Infrastructure Procurement

The Contractor shall recommend, source, and supply all approved hardware and software components including:

- Enterprise firewalls
 - Layer-3 core switches
 - Access switches
 - Server infrastructure
 - Storage systems
 - High-performance production workstations
 - Network racks, cabling, and accessories
-

2.3 Security Implementation

The Contractor shall deploy and configure:

- Hardware firewall solution
 - Access Control Lists (ACLs)
 - VLAN-based DMZ architecture
 - Network segmentation
 - AAA services
 - DNS services
 - DHCP services
 - Secure FTP/SFTP services
 - Security monitoring and logging
-

2.4 Network Sectors

The infrastructure shall support:

Department	Number of Workstations
------------	------------------------

Management/Secretariat	5
Study	8
Production	10
Support Sector A	10
Support Sector B	10
IT Department	5

Total: **48 Workstations**

2.5 Production Environment

The Contractor shall provide and deploy high-performance systems suitable for:

- Multimedia production
 - Software development
 - Artificial Intelligence development
 - Machine Learning workloads
 - Large Language Model (LLM) training
 - Data analytics
-

3. DELIVERABLES

The Contractor shall deliver:

1. Network Design Document
2. Physical Network
3. Logical Network
4. Security Architecture Documentation
5. VLAN and ACL Configuration Documentation
6. Firewall Configuration Documentation
7. Server Configuration Documentation
8. Testing Report
9. Asset Inventory Report
10. Administrator Training Materials

4. PROJECT TIMELINE

Phase	Duration
Project Planning & Kick-off	Days 1–2
Network Design & Configuration	Days 2–6
Security Implementation	Days 3–7
Physical Installation	Days 3–5
System Testing & Validation	Days 5–8
Documentation & Handover	Days 6–8
Post-Installation Support	Days 6–8

Estimated Project Duration: **8-day**

5. ACCEPTANCE CRITERIA

The project shall be considered complete upon:

- Successful deployment of all required hardware.
 - Operational DNS, DHCP, AAA, and FTP services.
 - Functional VLAN and ACL segmentation.
 - Successful firewall implementation.
 - Verification of communication and security requirements.
 - Completion of testing and acceptance procedures.
 - Delivery of all documentation.
-

6. WARRANTY AND SUPPORT

The Contractor shall provide:

- 12 months of post-deployment support.
- Hardware vendor warranty coordination.
- Security patch management assistance.
- Remote troubleshooting support.
- Incident response assistance.

Support Hours: Monday–Friday, 08:00–18:00.

7. PROJECT VALUE

The total project value shall be:

€ Will be based on the package selected by the company

Payment Schedule:

- 30% upon contract signature.
 - 40% upon equipment delivery.
 - 20% upon deployment completion.
 - 10% upon final acceptance.
-

8. CONFIDENTIALITY

The Contractor acknowledges that all information, documentation, configurations, source code, designs, business information, research data, and proprietary materials belonging to NVIDIA shall remain confidential.

The Contractor agrees not to disclose any confidential information to third parties without prior written authorization from NVIDIA.

9. INTELLECTUAL PROPERTY

All project documentation, network designs, configurations, diagrams, and deliverables created specifically for NVIDIA under this Agreement shall become the property of NVIDIA upon final payment.

10. TERMINATION

Either party may terminate this Agreement with thirty (30) days written notice.

NVIDIA may immediately terminate the Agreement for:

- Material breach of contract.
- Failure to meet agreed technical requirements.
- Violation of confidentiality obligations.
- Gross negligence or misconduct.

11. GOVERNING LAW

This Agreement shall be governed by and construed in accordance with the laws of the jurisdiction mutually agreed upon by the parties.

12. DATA PROTECTION

The Contractor shall implement and maintain appropriate administrative, technical, and physical safeguards to protect NVIDIA's confidential information, research data, intellectual property, and network infrastructure from unauthorized access, disclosure, alteration, or destruction.

The Contractor shall comply with all applicable data protection and privacy laws and shall immediately notify NVIDIA of any actual or suspected security incident, data breach, or unauthorized disclosure relating to project information.

Any project-related data accessed by the Contractor shall be used solely for the purpose of fulfilling obligations under this Agreement and shall not be retained longer than necessary following project completion unless otherwise required by law.

14. INSURANCE REQUIREMENTS

The Contractor shall maintain. Appropriate insurance coverage throughout the duration of the project, including:

- Commercial General Liability Insurance.
- Professional Indemnity / Errors and Omissions Insurance.
- Employer's Liability Insurance (where applicable).
- Cyber Liability Insurance (where available and commercially reasonable).

Upon request, the Contractor shall provide evidence of such insurance coverage to NVIDIA.

15. LIMITATION OF LIABILITY

Except for liability arising from gross negligence, willful misconduct, breach of confidentiality obligations, infringement of intellectual property rights, or violations of applicable law, neither party shall be liable to the other for any indirect, incidental, consequential, special, or punitive damages, including loss of profits, revenue, data, or business opportunities.

The total aggregate liability of either party under this Agreement shall not exceed the total amount paid or payable under this Agreement, except where such limitation is prohibited by law.
